Bill of Quantities

Luxor (+ colour name) Heavy Residential broadloom tufted carpets by Floornet, made from 100% Soft Solution Dyed Polyester and available in 4m wide with an action back, with a total thickness of +/- 13mm and a total weight of +/-2500gsm, to be laid in accordance with the code of practice for the installation of textile floor coverings (SANS 10186).

For accurate colour references, please refer to a sample swatch.

Important Information

- Care must be taken when ordering or installing carpets. Like all textile products, it is subject to shade variation between batches.
- Due to dye lot variations, actual material may vary from samples. Certain light sources shining across the surface may emphasise the effect of shadow lines. These are not a manufacturing defect and will not detract from the performance of the carpet.
- Adequate precautions must be taken to protect the carpet against sunlight to prevent premature fading or damage.
- Regular vacuum cleaning is essential. Spills and surface stains can be removed by sponging with a damp cloth, or for more resistant stains, with a mild detergent solution.
- A well maintained carpet can reduce airborne allergens, contributing to healthier indoor air quality. Unlike other surfaces, carpet traps dust particles, which keeps them out of the air, and allows them to be easily vacuumed up.
